REGISTRATION BEGINS AT 8:30 A.M.

What do pharmacists do? Explore the profession at Findlay's V.I.P.² Day!

Findlay's College of Pharmacy would like to invite high school students to join us for our V.I.P.² day of learning and exploring. Students will get an overview of pharmacy practice as they spend time in the lab compounding chemicals, learning about physical assessment and filling prescriptions under the supervision of our College of Pharmacy faculty and teaching assistants. They learn about the profession of pharmacy, Findlay's pharmacy program, and will come home with souvenirs from their experience!

These students should be:

- Dedicated to academics
- Interested in math and science
- Considering a career in healthcare
